We can have direct discussions about our copies with Abhijeet Sir and Shashank Sir, allowing us to receive immediate feedback—there's no need to wait 20 days or longer. The challenge with other coaching options is that if I write something today, I may not even remember it by the time 20 days pass. How can I be expected to make improvements under those circumstances? This is where UPSCprep truly excels with its prompt responses.

**India's Panchamrit pledge:** On climate change, India's pledged at COP 26 of UNFCCC to realise the motto of "One Life One World".

- Reduce emission by 1 billion tons of CO<sub>2</sub>.
- Reduce the Indian economy's emission intensity by 45%.
- Increase non-fossil fuel energy capacity to 500GW by 2030.
- Increase renewable energy share in the energy mix to 50% by 2030.
- Net zero by 2070.

**India's Panchamrit Pledge**

Reduce CO <sub>2</sub> Emissions by 1 Bn Tons	Reduce Emission Intensity by 45 %	Increase Non-Fossil Capacity to 500GW by 2030	Increase Renewable Energy Share to 50% by 2030	Achieve Net Zero by 2070

**Benefits**

- EIA links environment with development for environmentally safe and sustainable development.
- It provides a cost-effective method to eliminate or minimize the adverse impact of developmental projects.
- EIA encourages the adaptation of mitigation strategies.
- It makes sure that the developmental plan is environmentally sound and within limits of the capacity of assimilation and regeneration of the ecosystem

**River Pollution - Sources**

- Excess fertilizers and pesticides- runoff and drainage.
- Chemicals & Effluents: Industrialisation along the river belt. Eg. river Yamuna is affected by Ammonia pollution and heavy froths are seen in Yamuna.
- Garbage Dumping: High population density around the river banks and the reckless dumping of non-biodegradable waste, especially plastics
- Washing & Sewage: Laundering clothes on river banks
- Cremation & Last Rites: Cremation grounds in rural India are located on the banks of rivers like Varanasi.
- Sand Dredging
- Formalin (Methanal) Contamination: The Food Safety and Standards Authority of India (FSSAI) has banned formaldehyde in fresh fish, while the International Agency for Research on Cancer labelled the chemical a carcinogen.
